

Dear Saras Parivar,

It gives me immense pleasure in presenting to you the Second Edition of the Lionistic Year 2023-24 E-Bulletin, "SARAS VIKRAM", in circulation since 1983.

"Saras Vikram", is the mirror of the club, highlighting the 'Legacy of years of Service in Lionism', of one of the most 'Prestigious Lions Club', 'Lions Club Of Poona Sarasbaug', not only in India but globally.

"SARAS Vikram", was started with the intent of paying 'Homage', in recognition of the faithful performance of all the duties assumed, by one of the most Dynamic and Beautiful Human Being, our Past President "Late. Ln. Dr. Vikram Chavan", who tragically passed away in a car accident on his way to Pune from Satara after conducting a 'Cancer Health Check-Up Camp', as part of our Club activity. Lt. Ln. Dr. Vikram Chavan, will stand, "Time Immortal", for his outstanding contributions to Humanity.

Lions Club Of Poona Sarasbaug has a "Legacy of 46 years in Service to Humanity", and the best medium to convey this Legacy of ours, is through our Bulletin. It has been a privilege in enthralling your readership, and in making our Bulletin #1, in District & Multiple.

The 1st Quarter of the Year (July - Oct) has been exciting, I'm beaming with Pride to announce that we have completed 136 Successful Service Activities and added 11 New Members to the Club, keeping in mind the Mission 1.5 of our International President Ln. Dr. Patti Hill. Hoping you will be enthralled with this Edition's read.

Dear Lion Aniiket Aaghaaw,

I thank you for inviting me to communicate with the members of your Club through the columns of your Club Bulletin "Saras Vikram" which is being published on a quarterly basis. On this occasion, I send my heartfelt greetings & felicitations to you, President Lion Kalpesh Patni, Secretary Lion Vishal Shah, Treasurer Lion Chandrakant Lokhande & the members of your Club.

I wish the publication every success. I trust the same will be useful, informative & worth preserving. Besides projecting events/activities of the Club, it will focus on various thought provoking articles, interesting write ups, important & useful information on Lionism and will be a very effective medium for public relations.

Your club has completed 46 glorious years in Lionism & has contributed substantially to the growth of our District. I appreciate the excellent service activities rendered by your Club over the years which truly reflect the humanitarian spirit and your commitment to the Association. I admire Leadership of PDG Lion Fatechand Ranka who is a spring of inspiration and a constant source of instruction and guidance to the members of your Club. "Saras Dialysis Centre", a pilot Project of your Club started in 1977 for needy patients, today has 11 Dialysis machines. Since 1977, the Centre has been providing uninterrupted service, carrying out 10000 procedures per year.. All this has been possible due to the valuable contribution of Lion Asha Oswal, Lion Dr. Subhash Bagade, all Past Presidents & members of your Club, who deserve appreciation for active participation in the battle against the suffering of Kidney Failure. I compliment each one of you for the splendid work being done. I trust this contribution will continue forever. Keep your spirits up!

It is time to reflect & evaluate past performance, appreciate the present and plan for a more sustainable future. I expect everyone of you to re-orient yourself to take on the challenges in the fast-changing global environment, as every challenging situation brings the chance to grow wiser and more skillful. While planning for the future activities, know and learn your community needs, and find solutions to satisfy these needs. Venturing into creative activities will provide us new ways of looking at the world. So, think ahead and move forward to grow & make progress.

I am sure, under the leadership of President Lion Kalpesh Patni, dedicated efforts of Secretary Lion Vishal Shah & Treasurer Lion Chandrakant Lokhande, and enthusiasm & effective teamwork of all members your Club will establish new records of achievements during the incoming Lionistic Year. I wish all of you "Most Active & Successful Lionistic Year 2023-24".

Let us continue to work together towards strengthening our Organization & enhancing its image.

Yours Truthfully,

Lion Narendra S Bhandari International Director - 2010-2012

Dear Lion Aniiket

It is my great privilege and honour to pen down a few words for SARAS VIKRAM

At the outset let me Congratulate you and the leadership at Lions Club Poona Sarasbaug for your tireless efforts in bringing out a quarterly e-magazine, a tradition followed since 1983. Very few clubs in India come out with such a innovative, creative and informative magazine and I'm sure the whole series of 2022-2023 was exciting.

The greatest institution in the world is the human family. We Lions are fortunate to be a part of an organisation spread across continents committed to mitigate the sufferings of the less fortunate and oppressed. Compassion and brotherhood are the hallmark of our organisation. Through the years we have done our best and continue to do our best to leave the world a better place than we have found.

Lions Club Sarasbaug in its journey of 47 years with a strong army of 135 Soldiers of Service have a great legacy to learn from. The permanent projects of your club are an inspiration to all. I am an witness to the Saras Dialysis Centre initiated in February 2009. The growth of this dialysis unit is phenomenal and the support of Tata Steel & SLB for the same speaks volumes about the integrity and commitment of your trustees.

Sanatan Dharma gives us two principles which are perfectly related to our organisation. "वसुधैव कुटुम्बकम्" (The world is one family) and...... "जीवेषु करुणा चापि मैत्री तेषु विधीयताम्" (Be compassionate and friendly to all living beings). I am sure Lions of Sarasbaug will create their own history which includes giving and receiving love, experiencing joy, being kind to themselves and others and contributing to others in a meaningful way.

I would like to Congratulate the President Lion Kalpesh Patni and his team for their efforts in keeping the service flag flying high.

Once again a huge shout out to you for your efforts in bringing out the publication.

Looking forward to seeing you all in person soon.

Thank you for giving me this opportunity.

Jai Hind

Regards Ln. Mrs. Mona Sheth PMCS

Dear Ln. Aniiket Aaghaaw Editor SARAS Vikram,

Kindly accept my heartiest congratulations on a "Job Well Done", in highlighting the very essence of our Club, in our well-known Bulletin, "SARAS Vikram".

'SARAS Vikram', has been in circulation since 1983, and is very popular amongst the general society and Lion's fraternity. I am extremely pleased that the initiative taken by you in bringing it out as a Monthly Bulletin was exciting and an intriguing endeavour, one that is appreciated by all. 'SARAS Vikram', is the mirror of our Club and you as it's voice has left no stone unturned in enhancing the Club's image. I am very confident that the Saras Vikram Bulletin will be kept by one and all in their personal library for years to come.

I would like to Congratulate Ln. Kalpesh Patni our Club President, Ln. Vishal Shah - Secretary and Ln. Chandrakant Lokhande - Treasurer for a fantastic performance in the 1st Quarter of L.Y 2023-24, and i also highly appreciate the contribution of all the members of Lions Club Of Poona Sarasbaug. Today, we have a strength of 142 members and am proud that over 80% of the members are actively involved in the Club's activities. Another feeling of pride, is that we were able to add 11 New Members in the 1st Quarter.

Last but not the least, i would like to wish the PST Team of L.Y 2023- 24, all the very best for all their endeavours for the rest of the Lionistic Year and i am confident they will raise the bar of competence. Remember to keep the Torch of Excellence burning, for you are its "Beacon of Hope".

With Lionistic regards

SARAS DIALYSIS CENTRE

Established on the 1st Of February, 2009, at 'Ranka Hospital', with just 3 Beds and a Waiting list of more than 350, "The Lions Club of Poona Sarasbaug Charitable Trust", swung into action and in 2014, we purchased our own building with the 'State of the Art Dialysis Facility', having today a total of 11 Dialysis machines, operating in 3 shifts with a highly dedicated Staff of Professional Technicians and Support staff. Saras Dialysis Centre since the last 13 years has been a "Beacon Of Hope", for the Economically affected and under privileged members of our Society battling kidney failure.

This disease snatches the lives of thousands every year. Kidney failure patients are required to undergo dialysis activity twice or thrice a week, i.e 8 to 12 times a month. Private hospitals are charging 1200/- to 2500/-per dialysis session which is not affordable to patients even if the earning is Rs. 20,000 to Rs. 25,000 per month.

In private hospitals besides dialysis charges, the patients has to bare charges related to dialyzer, tubing, hypotherene injections, pathology charges and various other charges which unfortunately they are required to pay.

We are proud to announce that we charge "Only Rs.200", per dialysis session and other requirements are available at cost price.

Reputed Nephrologist Dr. Abhay Sadre visits Saras Dialysis Center as "Honorary Doctor". From day one he has given his service free. The success of our Dialysis Center is due to his dedication, devotion, involvement, guidance and constant support.

We are proud to inform that 13 of our patients underwent successful Kidney transplants because of the 'Timely and Thorough Professional Treatment', rendered to them at 'Saras Dialysis Centre'. From Feb'09 Till June'22, "Saras Dialysis Centre", has successfully conducted "83,098 Cycles of Dialysis", without a single casualty, and we are proud to also state, that our Dialysis Centre is the only Dialysis Centre in India, operated entirely by a Single Club of 'Lions Club International'.

It has been our continuous endeavor, "To Serve", and when we see the smiles on the faces of our patients going home happy after a 'Successful Session', it cannot be penned down in words.

Saras Dialysis Center is our Permanent Prestigious Project and is successfully running on donation received. All donation received are kept in Fixed Deposit with the Bank, and interest accumulated from such donation is utilized to meet the deficit of the dialysis session. Our basic expense for each dialysis is Rs 1000 per session. In addition to the Fixed Deposits, the Trust has floated as scheme known as "MITI YOJANA", to meet the deficits. Life is but a stopping place,
A pause in what's to be,
A resting place along the road,
To sweet eternity.

We all have different journeys,
Different paths along the way,
We all were meant to learn some things,
But never meant to stay...

Our destination is a place,
Far greater than we know.
For some the journey's quicker,
For some the journey's slow.

And when the journey finally ends,
We'll claim a great reward,
And find an everlasting peace,
Together with the Lord.

Corporate Social Responsibility (CSR) is a concept that has gained increasing importance in the business world. It refers to a company's ethical and philanthropic obligations beyond profit generation. CSR initiatives have a significant impact on the community and society as a whole.

One of the most visible ways in which CSR affects the community is through charitable giving. Companies allocate a portion of their profits to support various community causes, such as education, healthcare, and environmental conservation. These donations often fund projects that otherwise might not have the resources to flourish. For example, a corporation's contribution to a local school can result in improved facilities, better education, and a brighter future for the children in the community.

CSR also plays a crucial role in environmental sustainability. Many corporations are adopting eco-friendly practices to reduce their carbon footprint. These initiatives, such as using renewable energy sources, reducing waste, and implementing energy-efficient technologies, contribute to a healthier and more sustainable environment. This, in turn, benefits the community by improving air and water quality, reducing pollution, and mitigating the effects of climate change.

Moreover, CSR programs can have a direct impact on local employment and economic growth. Companies often engage in initiatives that promote local hiring and support small businesses within the community. This not only reduces unemployment but also stimulates economic development by increasing consumer spending and tax revenue.

Another significant aspect of CSR is its role in fostering social awareness and responsible business practices. When companies engage in CSR, they set an example for their employees, suppliers, and competitors. This ripple effect can lead to a broader adoption of ethical and sustainable business practices throughout the industry, benefiting not just one company's community but society at large.

In conclusion, Corporate Social Responsibility is more than just a trend; it is a fundamental shift in the way businesses operate and interact with their communities. CSR initiatives have a positive and far-reaching impact on the community by supporting education, healthcare, the environment, local economies, and ethical practices. As more companies embrace CSR, its influence on improving the well-being of society will continue to grow.

The Significance Of Numerology In Today's Life

Numerology, a centuries-old esoteric practice, has found its place of relevance in the contemporary world. It is the study of the mystical significance of numbers and their influence on human life. In a world driven by science and technology, one might wonder about the importance of such an ancient and mystical practice. However, Numerology continues to thrive and holds a valuable place in our lives today.

At its core, Numerology is the belief that numbers hold a spiritual and symbolic significance beyond their mathematical properties. Each number, from 1 to 9, and the master numbers 11, 22, and 33, is associated with specific vibrations, energies, and characteristics. These attributes are believed to impact a person's life, personality, and destiny.

One of the key aspects of Numerology is the Life Path Number. It is derived from a person's birth date and is considered one of the most important numbers in one's Numerology chart. The Life Path Number provides insights into an individual's innate qualities, strengths, and life's purpose. It offers a roadmap for personal growth and self-discovery, helping individuals make informed decisions about their career, relationships, and life choices.

In today's fast-paced world, where people often feel disconnected from their inner selves, Numerology offers a way to reconnect with one's inner wisdom. It serves as a tool for self-reflection and self-awareness. Understanding one's Numerology chart can help individuals gain clarity about their unique qualities and the life experiences that shape them.

Moreover, Numerology is not limited to personal matters. It can also be applied to businesses and even geographical locations. Businesses often consult Numerologists to help choose a name that resonates with positive energies and aligns with the company's goals. In this digital age, an appealing and meaningful name is crucial for branding and attracting customers.

Numerology can also be used to evaluate the compatibility of individuals in various relationships. By comparing the Life Path Numbers of two people, Numerology can offer insights into the dynamics of their relationship. This knowledge can help people navigate challenges and enhance their understanding of each other.

Another significant aspect of Numerology is its potential to provide guidance and support during challenging times. People often turn to Numerology for answers and reassurance when they face life-altering decisions, uncertainty, or major life transitions. The insights derived from Numerology can offer comfort and encouragement, helping individuals make informed choices.

It's important to note that Numerology should not be seen as a magical solution to all of life's problems. Instead, it is a complementary tool for self-improvement and personal growth. Its significance lies in its ability to empower individuals with self-knowledge and a better understanding of the forces shaping their lives.

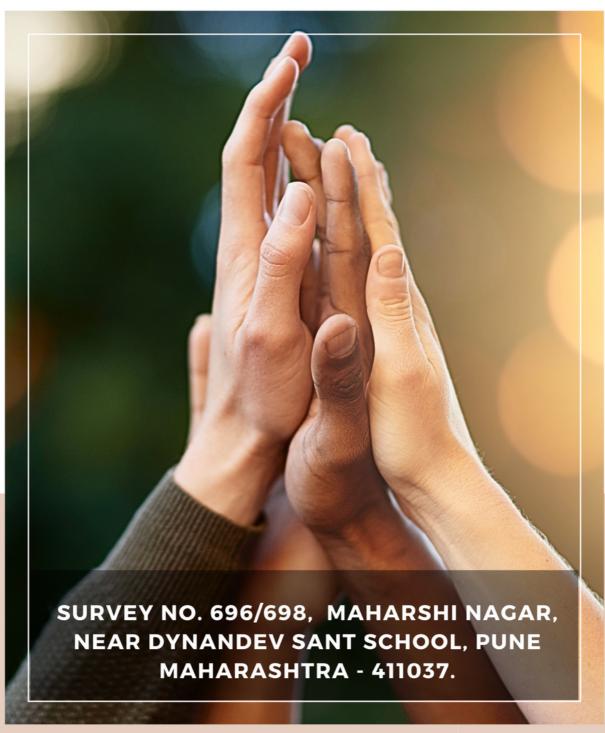

In conclusion, Numerology's importance in today's life is undeniable. It provides a bridge between the ancient wisdom of the past and the fast-paced, data-driven world of today. By helping individuals tap into their inner selves, make informed decisions, and navigate life's challenges, Numerology enriches and enhances the quality of modern life. It is a reminder that, in the midst of technology and science, there's room for the profound and mystical to help us better understand ourselves and the world around us.
